FOR IMMEDIATE RELEASE

Midlands Orthopaedics & Neurosurgery's Lexington Facility Now Open

Columbia, SC-- Ann Margaret McCraw, CEO and spokesperson for Midlands Orthopaedics & Neurosurgery announced this week that the practice has officially opened its new location at 109 Park Place Court in Lexington, SC.

McCraw explained that this new office location will offer neurosurgical, orthopaedic, pain management and occupational therapy services to the residents of Lexington and the surrounding area. "Our Highway 378 location will provide the same skilled care from physicians our patients trust with more convenient local access".

Midlands Orthopaedics united with Columbia Neurosurgical Associates, P.A. in January, 2016 to form Midlands Orthopaedics and Neurosurgery. As the first private practice in South Carolina to formally offer comprehensive neurosurgical and musculoskeletal surgical specialties, their goal is to provide high quality and innovative treatment options in the most cost-effective manner possible at all locations.

Midlands Orthopaedics & Neurosurgery's physicians and employees are excited to be a part of the community and look forward to caring for the residents of Lexington County closer to home.

Midlands Orthopaedics & Neurosurgery, PA is a division of Arcis Healthcare, LLC.
